Pyware Student Subscription Service
College and University Registration

The Pyware Student Subscription Service is a program offered by Pygraphics to provide affordable access for college and university students to Pyware 3D Java. ***For a student to be eligible, they must be a full time student currently enrolled in a Marching Techniques Course. Professionals enrolling in a university sponsored summer band camps and Continuing Education courses are NOT eligible.*** The University or College must own a copy of 3D Java (Standard or Professional) in order to participate. This registration form must be submitted and approved before any student subscriptions will be issued.
